

## Paying for Meals at School

For your convenience deposits to student accounts can be made at any time. There is no need to tell us which day your student will be joining us for breakfast or lunch.

\*\*\*\*PLEASE put your student's First & Last Name on all payments\*\*\*\*

Deposits to student meal accounts can be made on-line or by check/cash or money order. At the **Middle School** and **High School** level your student can give the money directly to the cashier when going through the line – please put student’s name on all payments. *We do not recommend sending cash to school with your student.*

Deposits at the **Elementary** level can be put in an envelope marked with their full name and “Lunch” and given to the teacher or at the front office. *Again, we do not recommend sending cash with your student.*

### **On-line Deposits**

Create an account at SendMoneytoSchool.com to view balances, history, make deposits, or transfer between accounts, you can also set your own balance for low balance email reminders.. You will need your student's school ID# to create an account (do not use the first three zeros – only the six digits after them). If you do not know your student's ID#, contact the school office or F&N Services at 517-706-5017. You may create an account using Mozilla Firefox 3.5 or higher, or Internet Explorer version 8 or higher.

Please note that SendMoneytoSchool does charge a convenience fee for deposit transactions. It does not charge a fee to view balance or history information.

### **Checks or Money Orders**

Checks can also be mailed to the Haslett Public Schools, Food & Nutrition Service Office at 5450 Marsh Rd., Haslett, MI 48840.

Checks should be made out to Haslett Public Schools.

Please include your student's first and last name on all payments.

We can accept a family check for multiple students. Please include all students' first and last names, and information about how much you want deposited to each student's account.

Please note there is a service fee assessed to the accounts for all returned checks.
