

Haslett Public Schools

Steven L. Cook
Superintendent

H.M. Murphy Elementary School
Diane Lindbert, Principal

August 2019

Dear Murphy Families,

As part of the Haslett Public Schools Bond Project the Murphy parking lot has been redone and expanded. There is a new entrance for parents/guardians for student drop off in the morning and pick up in the afternoon. The new entrance was designed with the children's safety in mind. The safety of all children is our top priority. Below you will find a set of safety routines and procedures that we have adopted. Thank you in advance for your attention to these issues. The safety of our children is everyone's responsibility and only by working together can we ensure that our children travel to and from school as safely as possible. Please see enclosed map.

- *There is an established traffic flow in this area. Please only enter through the west entrance. Also, it is posted to only make right turns when exiting to the street. This is for traffic flow to help avoid congestion in both the drop off/pick up area and on the street.*
- *If for any reason you need to exit your car please pull into a marked parking stall. The curbside in this area is NOT for parking. Please stay with your vehicle in this area.*
- *Watch your speed when entering, driving through, and especially exiting this area.*
- *Avoid driving in the bus lane or bus zone.*
- *Stay in designated pick up areas as directed by school personnel. Do not arrange to pick students up on side streets, staff parking lots, or other areas that may not be as safe. Yield to pedestrians, crossing guards, and buses, and be aware that children who are walking to and from school may not look both ways before venturing across a parking lot or pick up lane.*

Should you have questions I can be contacted at the Murphy office 339.8253.

Sincerely,
Diane Lindbert
