

## Wilkshire Early Childhood Center

# Student Drop Off/Pick Up Procedures

During the 2019-2020 school year Wilkshire Early Childhood Center (WECC) is building four brand new classrooms. This addition is one of many projects made possible by the Haslett school community by the generous passing of the bond/sinking fund. Due to construction, WECC will be experiencing one year of inconvenience as we grow to meet the needs of our youngest learners. Our parking lot will become considerably smaller and require some changes in our drop off/pick up routines. We appreciate your cooperation during this inconvenience. If you would like to set up busing for your child/ren please call 517-339-2078.

### Drop Off/Pick Up Procedures:

- **Inside pick up and drop off is not available** this school year due to limited parking spaces. No exceptions will be made to this procedure. We will have plenty of staff available to assist your child/ren.
- **Be Patient:** A few extra minutes of time will increase the safety of ALL children and allow your child to start the school day not stressed.

### Drop Off (8:05-8:26):

- **Do not walk your child/ren into the building**
- Parents stay inside vehicle at all times
- Pull as close to the 2nd orange cone as you can.
- Your child/ren will exit the passenger side of the vehicle immediately after stopping between orange cones

### Pick Up (3:20-3:30):

- **No inside pick-up is available**
- Parents stay inside vehicle
- Place yellow sign with child/ren name(s) written in large black letters in front passenger side window.
- Go to directed cone
- Child/ren will enter passenger side of vehicle
